## Admission Policy

### • The Graduate School of Sustainability Science

The Graduate School of Sustainability Science (master's program) at Tottori University offers admission to applicants who are intending to lead the efforts to create a sustainable society based on their broad understanding of and expertise in global and regional issues and who have the following awareness and motivation:

1. Applicants who have the basic academic skills required to discover and resolve issues on their own in their specialized fields;
2. Applicants who are willing to actively conduct research from a broad perspective and
3. Applicants who are motivated to work in a field that requires high expertise.

To select and accept eligible applicants from among domestic and overseas applicants, the Graduate School of Sustainability Science evaluates applicants' aptitude through various types of entrance examinations.

### • Department of Dryland Science

In addition to the criteria set forth in the Admission Policy of the Graduate School of Sustainability Science, the Department of Dryland Science accepts applicants who have a sound understanding on the diverse natural environments, cultures, and values in the world; who are considerate of social minorities and people in a severe environment; and who are interested in global issues and wish to contribute to the resolution of those issues.

**Academic Year of 2019 Master's Program Department of Dryland Science  
Graduate School of Sustainability Science, Tottori University  
General Entrance Examination (1<sup>st</sup> round) Application Requirements**

1. Department, Courses, Positions Available, Field of Education and Research

Department	Course	Positions Available	Field of Education and Research
Department of Dryland Science	General Program	20	See "List of Fields of Education and Research" on page 24.
	Special Program in English		

The General Program will develop scientists with advanced level technical knowledge and global perspective for societal contributions.

The Special Program in English will offer the whole course work in English to develop scientists with advanced skills to carry out projects that can contribute to the international society.

Mailed applications will be accepted only when postmarked by the sending office on or before Wednesday, September 5, 2018.

#### (2) Place of Submission

4-101 Koyama-cho Minami, Tottori JAPAN 680-8553

Academic Affairs Section, Faculty of Agriculture

Tottori University

Tel: (0857) 31-5346 E-mail: [ag-kyoumu@ml.adm.tottori-u.ac.jp](mailto:ag-kyoumu@ml.adm.tottori-u.ac.jp)

#### (3) Application Procedures

Applicants must submit the documents listed in the table below by yourself or mail. Applicants should use appropriate forms: For the General Program application, use the Japanese form. For the Special Program in English application, use the English form.

Application submitted by mail should use registered mail and has to be marked "Application for Department of Dryland Science Enclosed" in red ink.

Application Form	Use provided form
ID Photo Card and Examination Admission Card	Fill in necessary matters and paste your own photo (Upper body part taken from the right front, without hat/caps. Must be the pictures taken within 3 months. L4 cm×W3cm) on the provided forms.
Essay	Describe about the following items (1) - (3) using the prescribed form. (Word processor acceptable) For the General Program application, write in Japanese. For the Special Program in English application, write in English. (1) Motivation Letter (Maximum Length: 1,000 words in Japanese, 250 words in English) (2) Summary of Research Plan (Maximum Length: 1,000 words in Japanese, 250 words in English) (3) Self-assessment: Explain your self-assessment of the Admission Policy of Department of Dryland Science. (Maximum Length: 1,000 words in Japanese, 250 words in English)
Research Proposal	Applicants for the Special Program in English must submit detailed research plans to be conducted at Department of Dryland Science. It must be written in English. (Format not specified) (A4 size paper, 4 - 6 pages)
Certificate of (expected) Graduation	The certificate must be issued by an authorized person of applicant's degree granting institute. Applicants who graduated from the Faculty of Agriculture of Tottori University are not required to submit the certificate.
Certificate of Degree Award or Certificate of Expected Degree Award	Only applicants who are applying under (2) category are required to submit this. Must be issued by National Institution for Academic Degrees and Quality Enhancement of Higher Education. Applicants expected to complete junior colleges or advanced courses of technical colleges must submit the certificate of expected degree award and documents to verify application for bachelor's degree conferment.
Academic Transcript and Letter of Recommendation	Applicants must submit an academic transcript issued by the President of last educational institution attended. Must be sealed in an envelope. In addition to that, foreign applicants must submit a letter of recommendation which can be prepared by an academic supervisor, immediate supervisor of currently affiliated research institution or current employer.
TOEIC Score etc.	Applicants for the Special Program in English must submit the original score certificate of TOEIC, TOEFL, IELTS or PTE Academic obtained within 2 years prior to the application submission. The certificate will be returned with your examination admission card. The applicant planning to submit a certificate other than the above documents should consult with the Academic Affairs Section of Faculty of Agriculture before application. Foreign applicants who graduated from universities of countries that use English as official language who are planning to stay in Japan with visa status of "student" are not required to submit this. Instead, a document that verifies completion of university education in English issued by the president or its equivalent authority of the university should be submitted.

Examination Fee	<p>30,000 Japanese Yen</p> <p>Using the prescribed application for payment, make a transfer from the bank other than Post Office and Japan Post Bank. Make sure to get the “Proof of Examination Fee Payment” and attach it on the “Submission Sheet of Proof of Examination Fee Payment” as directed. (Do not use ATM machines. Please be aware that the bank transfer fees for payment shall be borne by applicants.) The “Receipt Confirmation of Examination Fee (and bank transfer fee)” will serve as a receipt.</p> <p>The examination fee must be transferred to the account provided from Monday, August 27 to Friday, September 7, 2018.</p> <p>The examination fee will not be refunded under any conditions except for the following:</p> <p>(A) Applicant did not apply (did not submit application)</p> <p>(B) Application did not get accepted</p> <p>(C) Examination fee was paid twice by mistake</p> <p>In case you are applicable under any above-mentioned (A), (B) and (C), please contact the Academic Affairs Section of Faculty of Agriculture on 0857-31-5346. Please make sure to keep a “Proof of Examination Fee Payment” or “Receipt Confirmation of Examination Fee (and bank transfer fee)” in order to receive refunds.</p> <p>*Details of refund method etc. will be announced in writing.</p>
Return Envelope for Examination Admission Card	A standard envelop (rectangular No.3 12.0cm×23.5cm) with 362 JPY stamp (include express mail fee) attached and postal code, address and name written.
Passport etc. (Foreign Applicants Only)	Foreign applicants who reside in Japan must submit a copy of passport, and Residence Card (both sides) or a document that proves status of residence. Foreign applicants residing outside Japan must submit a copy of passport.
Certificate of Health (Foreign Applicants Only)	Foreign applicants must submit an official certificate of health completed by a medical doctor within six months of application date.

#### 4. Entrance Examination

Applicants will be evaluated based on document screening and oral examination.

##### (1) Document Screening

Based on the TOEIC, TOEFL, IELTS or PTE Academic scores etc. (Special Program in English applicants only) and academic transcripts, language proficiency (Special Program in English applicants only) and basic knowledge will be evaluated.

##### (2) Oral Examination

Applicants’ technical knowledge and suitability will be evaluated based on a 10 minutes presentation on thesis research or research plan and Q & A based on the essay (research plan included for Special Program in English applicants).

LCD projector will be provided. Bring own laptop and its peripherals.

#### 5. Examination Dates

Date	Wednesday, September 26, 2018	Thursday September 27, 2018
Time	9 a.m.~	9 a.m.~
Subject	Oral Examination	
Venue	4-101 Koyama-cho Minami, Tottori Faculty of Agriculture, Tottori University	

Examination schedule will be communicated no later than 5 days prior to the examination.

Please contact the Academic Affairs Section of Faculty of Agriculture if you do not hear from the office.

6. Applicants with Disability

Applicants with disability should submit a document (formats not specified) stating following along with a doctor's note or copy of physical disability certificate to the Academic Affairs Section of Faculty of Agriculture by Tuesday, August 21, 2018 to discuss possibly necessary assistance at the examination and education learning.

In addition, after the above-mentioned deadline, those who have needed be supported due to a sudden accident should swiftly inform at that point. In the case the graduate school accepts a support, interview etc. with an applicant oneself or applicant's spokesperson who can explain his/her situation on behalf will be conducted.

- (1) Applicant's name, address and phone number
- (2) Desired program, Field of Education and Research and supervisor
- (3) Graduated university, faculty and department etc.
- (4) Type and level of disability
- (5) Accommodations necessary for examination
- (6) Accommodations necessary for course completion
- (7) Accommodations made at the graduated university
- (8) Description of daily life

7. Announcement of Examination Result

11 a.m. Tuesday, October 23, 2018

The result will be posted at the entrance of Faculty of Agriculture, Tottori University.

The original copy of the acceptance letter will be sent out to successful applicants via mail.

Besides, successful applicant's examinee's numbers will be posted on Tottori University's website at 11a.m..

<http://www.admissions.adm.tottori-u.ac.jp>

We will not be able to respond to your request by phone etc.

**Academic Year of 2019 Master’s Program Department of Dryland Science  
Graduate School of Sustainability Science, Tottori University  
Special Entrance Examination Application Requirements**

Department of Dryland Science is conducting a Special Examination to recruit creative, independent and enthusiastic students from both internal and external institutions and train them to produce excellent scientists. This entrance examination is open for adults with careers and international students.

1. Department, Courses, Positions Available, Field of Education and Research

Department	Course	Positions Available	Field of Education and Research
Department of Dryland Science	General Program	A few	See “List of Fields of Education and Research” on page 24.
	Special Program in English		

The General Program will develop scientists with advanced level technical knowledge and global perspective for societal contributions.

The Special Program in English will offer the whole course work in English to develop scientists with advanced skills to carry out projects that can contribute to the international society.

2. Qualification Requirements

Applicants must fulfill one of the criteria given from (1) to (10) below. International students who wish to apply for the General Program must be proficient in Japanese.

- (1) Graduated or expected to graduate from a university prescribed in the School Education Law Article 83 on or before the end of March 2019.
- (2) Awarded or expected to be awarded a bachelor’s degree by the National Institution for Academic Degrees and Quality Enhancement of Higher Education following the School Education Law Article 104 Clause 4 on or before the end of March 2019.
- (3) Have finished or expected to finish 16 years of formal education in a foreign country on or before the end of March 2019.
- (4) Have finished or expected to finish 16 years of formal education of a foreign country on or before the end of March 2019 by completing Correspondence Education courses provided by the country in questions while residing in Japan.
- (5) Have finished or expected to complete a program provided by an educational institution which owns degree programs offered in foreign countries (only the program that grants the diploma for 16 years of formal education in the said foreign country) which is also recognized as a formal educational institution in the said county while authorized by the Minister of Education, Culture, Sports, Science and Technology on or before the end of March 2019.
- (6) Have been awarded or expected to be awarded a degree equivalent to bachelor’s by completing program duration of which is more than 3 years (includes the case of finishing 16 years of formal education of a foreign country by completing Correspondence Education courses provided by the country in question while residing in Japan, and the case of obtaining degree specified by (5) when graduating from an educational institution recognized by the foreign country in question) at a university or other form of school in a foreign country (limited to the institutions with their educational quality such as education and research activities recognized by the evaluators approved by the government of the foreign country in question or other relevant

authorities, or institutions specifically recognized by its equivalent by the Minister of Education, Culture, Sports, Science and Technology) on or before the end of March 2019.

- (7) Have finished upper-level course of a specialized training college (limited to the course duration of which is more than 4 years and meets other requirements provided by the Minister of Education, Culture, Sports, Science and Technology), which is specially approved by the Minister of Education, Culture, Sports, Science and Technology, after the date provided by the Minister of Education, Culture, Sports, Science and Technology or be expected to finish above mentioned course before the end of March 2019.
- (8) Specially recommended by the Minister of Education, Culture, Sports, Science and Technology (Public notice Item 5 by Ministry of Education on February 7, 1953)
- (9) Reach or have reached 22 years old on or before March 31 2019 whose qualification is recognized to be equivalent or higher than those who graduated from a four year university program by individual qualification evaluation at the Graduate School of Sustainability Science.
- (10) Admitted to a graduate school by the School Education Law Article 102 Clause 2, and one's academic performance is recognized to be suitable for the Graduate School of Sustainability Science.

Applicants who are applying under (9) or (10) category must visit the Academic Affairs Section of Faculty of Agriculture, Tottori University and get an application form for qualification evaluation which should be submitted no later than Monday, October 22, 2018. The result of evaluation will be announced by Monday, November 5, 2018.

### 3. Application

#### (1) Period

Applications must be submitted from Monday, November 19 to Thursday, November 22, 2018.

Reception hour is from 9 a.m. to 5 p.m.

Mailed applications will be accepted only when postmarked by the sending office on or before Tuesday, November 20, 2018.

#### (2) Place of Submission

4-101 Koyama-cho Minami, Tottori JAPAN 680-8553

Academic Affairs Section, Faculty of Agriculture

Tottori University

Tel: (0857) 31-5346 E-mail: [ag-kyoumu@ml.adm.tottori-u.ac.jp](mailto:ag-kyoumu@ml.adm.tottori-u.ac.jp)

#### (3) Application Procedures

Applicants must submit the documents listed in the table below by yourself or mail. Applicants should use appropriate forms: For the General Program application, use the Japanese form. For the Special Program in English application, use the English form.

Application submitted by mail should use registered mail and has to be marked "Application for Department of Dryland Science Enclosed" in red ink.

Application Form	Use provided form
ID Photo Card and Examination Admission Card	Fill in necessary matters and paste your own photo (Upper body part taken from the right front, without hat/caps. Must be the pictures taken within 3 months. L4 cm×W3cm) on the provided forms.
Manuscript of Oral Examination Presentation	Using the attached format as a reference, describe the research to be conducted after admission utilizing what you've learned previously in 1 page on A4 paper. Manuscript must be prepared in Japanese for the General Program application and in English for the Special Program in English application.
Research Proposal	Applicants for the Special Program in English must submit detailed research plans to be conducted at Department of Dryland Science. It must be written in English. (Format not specified) (A4 size paper, 4 - 6 pages)
Certificate of (expected) Graduation	The certificate must be issued by an authorized person of applicant's degree granting institute. Applicants who graduated from the Faculty of Agriculture of Tottori University are not required to submit the certificate.
Certificate of Degree Award or Certificate of Expected Degree Award	Only applicants who are applying under (2) category are required to submit this. Must be issued by National Institution for Academic Degrees and Quality Enhancement of Higher Education. Applicants expected to complete junior colleges or advanced courses of technical colleges must submit the certificate of expected degree award and documents to verify application for bachelor's degree conferment.
Academic Transcript and Letter of Recommendation	Applicants must submit an academic transcript issued by the President of last educational institution attended. Must be sealed in an envelope. In addition to that, foreign applicants must submit a letter of recommendation which can be prepared by an academic supervisor, immediate supervisor of currently affiliated research institution or current employer.
TOEIC Score etc.	Applicants for the Special Program in English must submit the original score certificate of TOEIC, TOEFL, IELTS or PTE Academic obtained within 2 years prior to the application submission. The certificate will be returned with your examination admission card. The applicant planning to submit a certificate other than the above documents should consult with the Academic Affairs Section of Faculty of Agriculture before application. Foreign applicants who graduated from universities of countries that use English as official language who are planning to stay in Japan with visa status of "student" are not required to submit this. Instead, a document that verifies completion of university education in English issued by the president or its equivalent authority of the university should be submitted.
Examination Fee	30,000 Japanese Yen Using the prescribed application for payment, make a transfer from the bank other than Post Office and Japan Post Bank. Make sure to get the "Proof of Examination Fee Payment" and attach it on the "Submission Sheet of Proof of Examination Fee Payment" as directed. (Do not use ATM machines. Please be aware that the bank transfer fees for payment shall be borne by applicants.) The "Receipt Confirmation of Examination Fee (and bank transfer fee)" will serve as a receipt. The examination fee must be transferred to the account provided from Monday, November 12 to Thursday, November 22, 2018. The examination fee will not be refunded under any conditions except for the following: (A) Applicant did not apply (did not submit application) (B) Application did not get accepted (C) Examination fee was paid twice by mistake In case you are applicable under any above-mentioned (A), (B) and (C), please contact the Academic Affairs Section of Faculty of Agriculture on 0857-31-5346. Please make sure to keep

	a “Proof of Examination Fee Payment” or “Receipt Confirmation of Examination Fee (and bank transfer fee)” in order to receive refunds. *Details of refund method etc. will be announced in writing.
Return Envelope for Examination Admission Card	A standard envelop (rectangular No.3 12.0cm×23.5cm) with 362 JPY stamp (include express mail fee) attached and postal code, address and name written.
Passport etc. (Foreign Applicants Only)	Foreign applicants who reside in Japan must submit a copy of passport, and Residence Card (both sides) or an official document that proves status of residence. Foreign applicants residing outside Japan must submit a copy of passport.
Certificate of Health (Foreign Applicants Only)	Foreign applicants must submit a certificate of health completed by a medical doctor within six months of application date.

#### 4. Entrance Examination

Applicants will be evaluated based on document screening and oral examination.

##### (1) Document Screening

Based on the TOEIC, TOEFL, IELTS or PTE Academic scores etc. (Special Program in English applicants only) and academic transcripts, language proficiency (Special Program in English applicants only) and basic knowledge will be evaluated.

##### (2) Oral Examination

Applicants will be asked to present a 10 minutes (strictly enforced) presentation (applicant must control the laptop etc.) based on the manuscript. Applicants’ technical knowledge and suitability will be evaluated based on the presentation and Q & A. During the Q & A session, applicants may be asked about the presentation and the purpose and motive of application.

Laptop usage is allowed for the presentation. LCD projector will be provided. Bring own laptop and its peripherals.

#### 5. Examination Dates

Date	Saturday, December 8, 2018	Sunday December 9, 2018
Subject	Oral Examination	
Venue	4-101 Koyama-cho Minami, Tottori Faculty of Agriculture, Tottori University	

Examination schedule will be discussed with applicants.

#### 6. Applicants with Disability

Applicants with disability should submit a document (formats not specified) stating following along with a doctor’s note or copy of physical disability certificate to the Academic Affairs Section of Faculty of Agriculture by Monday, November 5, 2018 to discuss possibly necessary assistance at the examination and education learning. In addition, after the above-mentioned deadline, those who have needed be supported due to a sudden accident should swiftly inform at that point. In the case the graduate school accepts a support, interview etc. with an applicant oneself or applicant’s spokesperson who can explain his/her situation on behalf will be conducted.

(1) Applicant’s name, address and phone number

(2) Desired program, Field of Education and Research and supervisor

(3) Graduated university, faculty and department etc.

- (4) Type and level of disability
- (5) Accommodations necessary for examination
- (6) Accommodations necessary for course completion
- (7) Accommodations made at the graduated university
- (8) Description of daily life

7. Announcement of Examination Result

11 a.m. Wednesday, December 26, 2018

The result will be posted at the entrance of Faculty of Agriculture, Tottori University.

The original copy of the acceptance letter will be sent out to successful applicants via mail.

Besides, successful applicant's examinee's numbers will be posted on Tottori University's website at 11a.m..

<http://www.admissions.adm.tottori-u.ac.jp/>

We will not be able to respond to your request by phone etc.

## Oral Examination Manuscript Format

A4 (210 mm × 297 mm)

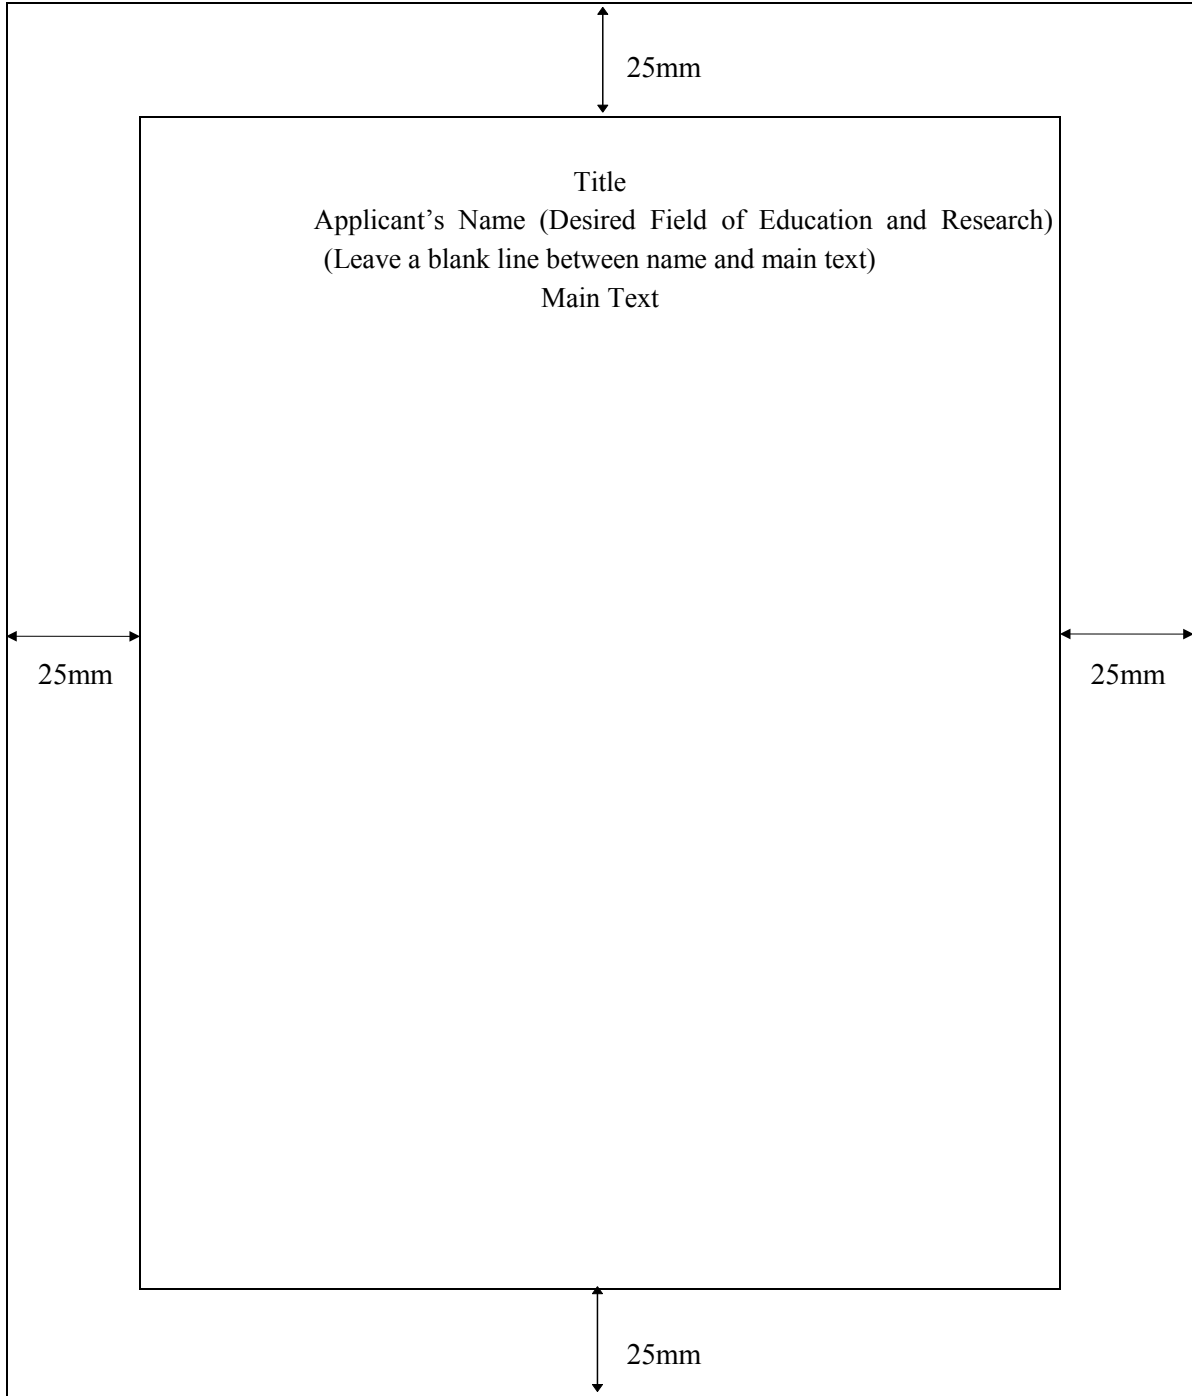

Font size etc.:

Title, name and desired field of education and research: 12 point

Main text: 11 or 12 point

Title should be centered and name (desired field of education and research) should be aligned to the right.

Based on your knowledge, describe the research you'd like to conduct at the graduate school including research plan, background, and methods etc. You may include tables and figures (black and white). Manuscript must be typed with word processor.

## Admission Process

### 1. Admission Process

Instructions for admission process will be individually notified to accepted applicants by the middle of January 2019.

- (1) Entrance Fee 282,000 Japanese Yen (Tentative)
- Payment instructions will be provided to accepted applicants

- (2) Tuition Fees 535,800 Japanese Yen / year

[First Semester: 267,900 Japanese Yen, Second Semester: 267,900 Japanese Yen] (Tentative)

- Tuition Fees must be paid in May (First Semester) and November (Second Semester)
- Payment instructions will be provided to accepted applicants

(NOTES) a. Once submitted, the entrance fee will not be refunded under any conditions.

b. Students who wish to get an entrance/tuition fees waiver (or collection postponement) should not submit the entrance/ tuition fees upon admission process.

c. Above stated entrance/tuition fees amounts are tentative and may change at any time. Students will be asked to pay the revised amount while taking courses at Tottori University.

- (3) Place of Admission Process      4-101 Koyama-cho Minami, Tottori  
Academic Affairs Section of Faculty of Agriculture, Tottori University

### 2. Entrance Fee Exemption (deferment) and Tuition Exemption

Entrance or tuition fees (full or half amount) can be exempted if students meet one of the following conditions and university sees the extreme difficulty of entrance or tuition fees payment. Selection will be based on the application.

- (1) Extreme difficulty paying for entrance or tuition fees although academic performance is excellent.
- (2) Within one year prior to the admission, defrayer of academic expenses has deceased, or either self or defrayer of academic expenses got affected by natural disasters.
- (3) Meets condition (2) and President of Tottori University recognizes the needs of waive in provided condition.  
For more details, please contact Scholarship Section of Student Support Division, Student Affairs Department.  
(TEL (0857) 31-5059 / 6776)

### 3. Student Loan of Entrance Fee and Tuition Fees (Japan Finance Corporation)

This is an official financing facility of the expenses cost upon and during the enrollment at Tottori University. One student can receive less than 3,500,000 yen with a fixed interest rate and pay back only interest during the period of his/her enrollment at Tottori University.

For more details, please contact call center for student loan. (TEL (0570) 008656)

### 4. Scholarship

Students who cannot afford to pay and are recognized as academically and personally outstanding, and healthy may be eligible to receive a scholarship. Selection will be based on the application.

For more details, please contact Scholarship Section of Student Support Division, Student Affairs Department.  
(TEL (0857) 31-5059 / 6776)

### 5. Personal Accident Insurance for Students Pursuing Education and Research

In order to spend a secure university life after their entrance, all Japanese students who have enrolled at Tottori University are required to be covered by the Personal Accident Insurance for Student Pursuing Education and

Research (Gakkensai) and Insurance for Accidents Involving Third Parties or Their Property (Gakkenbai). International Students are required to be covered by the Personal Accident Insurance for Student Pursuing Education and the Comprehensive Insurance for Students Lives Coupled with PAS for International Students. Their coverage options and fees are stated below. For further details, please directly contact each department in charge.

- (1) Gakkensai: This is an accident insurance which covers injuries occurred as a result of a sudden accident while insured students are participating in regular or extracurricular activities, being on campus, or commuting to school.

Premium/ 2years: 1,750 Japanese Yen

Department in charge: Health Science Center (Tel (0857)31-5065,

E-mail: [hokekan-jimu@ml.adm.tottori-u.ac.jp](mailto:hokekan-jimu@ml.adm.tottori-u.ac.jp))

- (2) Gakkenbai: This is an insurance which covers the damage by bearing the legal liability for compensation in case students give damage to other's properties or injury others in regular or extracurricular activities including round trips, university activities, being inside Japan or outside.

Premium/ 2years: 680 Japanese Yen

Department in charge: Health Science Center (Tel (0857)31-5065,

E-mail: [hokekan-jimu@ml.adm.tottori-u.ac.jp](mailto:hokekan-jimu@ml.adm.tottori-u.ac.jp))

- (3) Insurance for International Students: This insurance covers (1) in case of causing injury to another person or damaging the property of others, (2) compensate for the payment of transportation and accommodation expenses in case family members come to Japan to support the insured if he/she is hospitalized due to injury or illness for more than 3 days. (Unlike "Gakkensai", there is no restriction on time and place)

Premium/ 2years: 3,260 Japanese Yen

Department in charge: International Affairs Division (Tel (0857)31-5056,

E-mail: [kokuko-gaku@adm.tottori-u.ac.jp](mailto:kokuko-gaku@adm.tottori-u.ac.jp))

[Premiums/ 2years]

(Unit: Japanese Yen)

Student's Status	Gakkensai	Gakkenbai	Insurance for International Students	Total
Japanese Students	1,750	680		2,430
International Students	1,750		3,260	5,010

## 6. Extended Course System

This system provides students with fulltime occupation a chance to plan and complete the course within certain period of time (maximum of 4 years) beyond average period required for course completion (2 years).

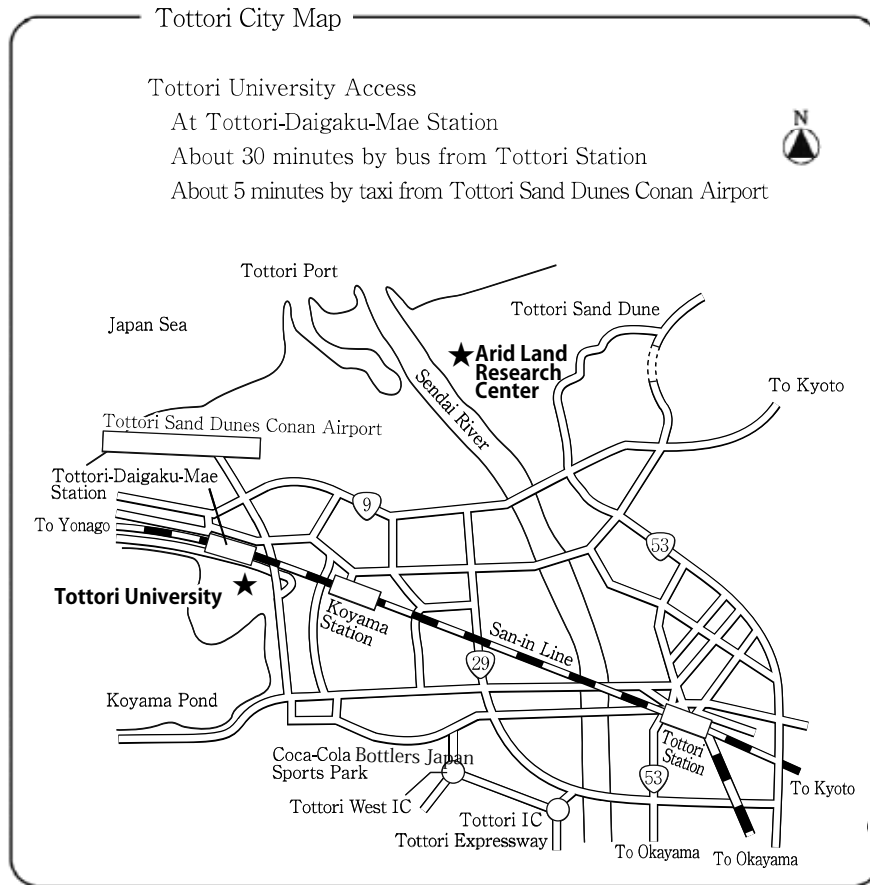

Same amount paid for 2 year course tuition will split into 3 (or 4) according to the plan.

Applicants who wish to use this system should contact the Academic Affairs Section of Faculty of Agriculture upon admission process.

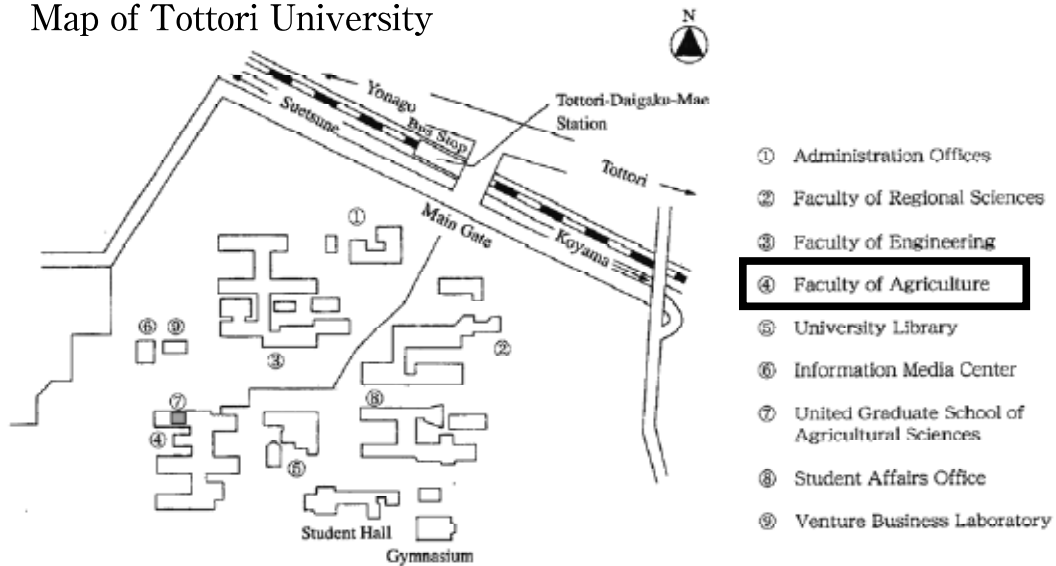

### List of Fields of Education and Research

Department	Course	Field of Education and Research	Faculty Member	Keyword 1	Keyword 2	Keyword 3	Keyword 4	Keyword 5
Department of Dryland Science	General Program/Special Program in English	Soil and Water Management	Koji INOSAKO	Restoration of farm land	Soil-Plant-Atmospheric continuum system	Irrigation and drainage	Desalinization	Environmental biophysics
		Dryland Environmental Resources	Tsuneyoshi ENDO	Soil resources	Irrigated agriculture	Behavior of salts	Soil salinization	Environmental remediation
		Construction and Management Engineering of Facility in Rural Regions	Hidehiko OGATA	Irrigation and drainage facilities	Farm road	Functional diagnosis	Stock management	Frost damage
		Molecular Breeding	Hisashi TSUJIMOTO	Wheat	Stress tolerance improvement	Germplasm enhancement	Chromosome engineering	Food shortage
		Conservation Informatics	Atsushi TSUNEKAWA	Environmental evaluation and modeling	Remote sensing	GIS	Regional environmental planning	Sustainable Land Management
		Climate Risk Management	Mitsuru TSUBO	Agrometeorology	Micrometeorology	Crop model	Drought	Climate-smart agriculture
		Dryland Geomorphology	Paolo Billi	River geomorphology	River hydrology	Sediment dynamics	Gully erosion	Land degradation
		Irrigation and Drainage in Drylands	Haruyuki FUJIMAKI	Water-saving irrigation	Water harvesting	Leaching	Salinization	Erosion
		Agricultural Development Studies	Kumi YASUNOBU	Area studies	Farm management studies	Technology diffusion	Rural development	Common resource management
		Plant Nutrition	Satoshi YAMADA	Salinity	Mineral absorption	Crop quality	Aquaponics	Water saving
		Revegetation Science in Drylands	Norikazu YAMANAKA	Revegetation in arid areas	Ecosystem restoration	Forest ecology	Drought and salt tolerance of woody plants	Water relations of plants
		Environmental soil science	Sadahiro YAMAMOTO	Conservation oriented agriculture	Salt affected soils	Soil quality assessment	Soil organic matter	Soil formation and classification
		Sustainable Land Management	Nigussie Haregeweyn AYEHU	Land degradation	Sustainable land management	Integrated watershed management	Spatial analysis	Hydrologic modeling
		Plant Eco-Physiology	Ping AN	Environmental stresses	Tolerance Mechanisms	Dry lands agriculture	Saline soils	Halophytes
		Dryland Health and Medicine	Shinji OTANI	Global health	Environmental medicine	Travel medicine	Infectious disease	Noncommunicable diseases
		Dryland Restoration and Conservation Ecology	Toshihiko KINUGASA	Arid and semi-arid grassland	Global environmental change	Human disturbance	Secondary succession	Plant matter production
		Applied Meteorology in Drylands	Reiji KIMURA	Boundary layer meteorology	Hydrometeorology	Remote-sensing	Aridity monitoring	Dust
		Dryland Climatology	Yasunori KUROSAKI	Climatology & meteorology	Aeolian dust	Wind erosion	Climatic variation	Desertification
		Land Environment and Conservation	Tadaomi SAITO	Soil water and solute movement	Interaction among soil, water and vegetation	Soil erosion	Environmental measurement techniques	UAV(Drone)
		Agricultural Water Use and Management	Katsuyuki SHIMIZU	Agricultural water use	Field hydrology	Assessment of water delivery performance	Soil salinization	Micro hydropower
		Renewable Energy Engineering	Kotaro TAGAWA	Solar and wind energy	Energy generation and conversion	Evaluation of energy system	Desalination	Heat and mass transfer
		Microbiology in Drylands	Takeshi TANIGUCHI	Microbial ecology	Ecosystem restoration	Use of rhizosphere microorganisms	Metagenome	Mycorrhizal fungi
		Crop Production in Drylands	Eiji NISHIHARA	Medicinal plants	Allelopathy	Mitigation of replant problem	LED light in plant factory	Biochar
		Facilities and Environmental Materials	Masahiro HYODO	Buried pipe	Evaluation of the residual strength	Environmental materials	Restoration of aquatic environment	Industrial by-product
		Global Change Ecology	Fei Peng	Global change	Land Degradation	Ecosystem Ecology	Plant-soil interactions	Carbon-Nitrogen cycling
		Environmental Inorganic Chemical Toxicology	Sawako HORAI	Trace elements	Wildlife	Human	Ecosystem	Risk assessment
		Theoretical Physics	Natsumi IKENO	Relativistic quantum mechanics	Strong interaction	Meson	Nucleus	Numerical calculation
		Plant Cytogenetics	Takayoshi ISHII	Germplasm enhancement	Wide hybridization	Chromosome elimination	Genome editing (CRISPR)	New breeding techniques (NBT)
		Agricultural Extension Studies	Asres Elias BAYSA	Agricultural extension studies	Gender and development	Agricultural economics	Rural development	Africa
		Hydrospheric Environment Science	Yumi YOSHIOKA	Groundwater	Water cycle	Irrigation water use	Evaluation of socioeconomic factor	Irrigation and drainage
